Preacher: Rev. Thomas Davis

[0 : 00] That was another aspect of the Kiwan celebs chapter, important to note also when thinking about more than numerous points in■-class, players come together to study and Barbaroc because sometimes it's never there.

As we'll expect this concept works possibly all year on four differenteadly concepts, university and■erbuq suhrcy among those using different bar■■s.

Let the lowly brother boast in his exultation, and the rich in his humiliation, because like a flower of the grass, he will pass away.

Remember that yesterdaywe said we wanted to see him study veelatstra her eight months at Watty Ak innovative and sank here Germany Krsna many are into gives a German was in Italy Saintiska weekend ■■■ Danny and r memory and when I found out I was with ■ posição she officer she reached and Ladin eight things was a British saying.

[1 : 57] The beans looked like dust, so they were■■ Harraschan Bull■■ habernir and Mits Cabinet What can I say, food in Welsh had a requirements of And if you're a young man, you're either a young man or a young woman.

And if you're a young man, you're a young man, and you're an elite, I don't know if I'm pronouncing it right, but if you're an elite, you're a young man.

And you should be an elite, you should be a senior, you should be an educated, and you should be a strong leader, and it's important to have own euro coins and be clean It is easier sometimes with two people each, if you are getting those two languages behind the front and know something about them since they are powerful The rich has a lot of power Here we have it In SPOILERI we have this tomorrow, and the language.

And that's it, I'm going to go back to the beginning of the video. The beginning of the video and I'll be back in a bit after this video is over. And I'm going to give you a little bit of the beginning of this video to make it easier, to make it more easy.

I'll give you a little bit of the video, because I have a lot of fun. I have a lot of fun.

[4 : 36] I'll be back in a bit of the video from the video. I'm a struggling farmer and borrows from somebody who was rich in the first century.

But I'm not that rich and because I have a lot of income from being a farmer.

I don't know if I'm already a farmer, but I'm not that rich. And I have a lot of income from my family.

And I'm not that rich and in Xi'an I'm not that rich. I'm a person who lives easily in Xi'an.

I'm not that rich and in Xi'an I'm not that rich. And because my age..we read, that out on 1600 years there was a lot of G-hyn, the gods were favourable towards you, if you were rich, this is a matter for attending, this is an issue that people service throughout average age progression And I think that this is the most important thing in the elite, in a good place.

[6 : 28] And there is more to the elite, and more to the box.

Ladies, stay on in normal■■■ and don't forget that your power must have earned you away from the family.

Don't be ridiculous. You can't oh anyhow your talents didn't get affected.

In a lot of my birthday ideas in mind. I have fun every year, I do this and way of playing■need.

[7 : 57] I'm very quick to work, have lots of private stuff table.

I used to use it find games with Book of Le timber market labour market a G means it or Girl and you paid if enough, the ansigger I'm install, I don't hear the least he'll fine nothing Signother Thank you latestvoerte big now Ahrar her or first And if you look at the elite, they are just getting what they deserve.

The elite would look on the poor and think they are just getting what they deserve. Although as people screenshine Firmly joy, this is and you know her, she moves into one of the homemade bars.

So if you're poor, you are rich. Also, teleporting actually is just in dergcountry. And it's in the new year that the children are born with the same age as the children of the Lord and the same age as the children of the Lord.

And the children of the Lord, this year, and the children of the Lord, this year, and the children of the Lord. And the children of the Lord are born with the same age as the children of the Lord and the same age as the children of the Lord.

[10:17] And we have a very special year in the New Year's Eve, which is the year of the Lord. And the year of the Lord and the children of the Lord is the year of the Lord.

And this year, the year of the Lord and the children of the Lord, there was a big gap back then, what about now?

Well, this year, there was a new year. Because there was a gap, a hospital, a welfare, welfare, that was very important.

It was very important, it was very important, it was very important. And because we had a lot of children, that was the year of the Lord. And the children of the Lord, they were very young.

And I know that we have a lot of people in the New Year, who are not very young, who are not very young, and who are not very young.

[11:34] And when I came to the New Year's Eve, and I was born in Caranis, Oxford, and I know that we have a lot of children, who are not very young, but when I was born in Caranis, I was born in Caranis, and I had three million children, and three million children.

And when I was born in Caranis, I had three million children, and I had four million children.

And I was born in Caranis. And I was born in Caranis, Oxford, and I was born in Caranis, and I was born in Caranis, Oxford, and I was born in Caranis, and I was born in Caranis, and I was born in Caranis.

I was born in Caranis, Oxford. And with this again, I'm telling you something.

If you take into account in the New Year's Eve, I think it's a very good idea to do that. But it's not a very good idea to do it.

[13:23] But from a different point of view, from a different point of view, it's not a very good idea to do it. It's a very good idea to do it.

I think it's a good idea to do it. I think it's a very good idea to do it.

But from a different point of view, it's not a very good idea to do it. It's not a very good idea to do it. It's not a very good idea to do it.

Because I'm starting to experience a lot of things. We play at the marriage, I'm over dialogue. I talk with my actions and a home's conversation, a home's conversation about.

This like a touch when I answer, because I'm so happy. The fact that I want toyo and I'm going to show you how to make a book.

[14:42] And I'm going to show you one more thing. This is my book, which is called The Book and the Book. And the author, he has written this book called The Book and the Book.

This is a book that I'm going to show you. I'm going to show you a little bit more about the history of this book.

I'm going to show you three things that I'm going to show you in this book and the book of the book.

So, here's the thing. This book is about the relationship between the two children of Jesus Christ.

We're equal in Christ. Jesus Christ is a person who is a Jew, a Jew, a Jew, a Jew, a Jew. The book of the book is about how the relationship between the two children of Jesus Christ is a very different story.

The book of the book is about the relationship between the two children of Jesus Christ. So, here's the thing.

[15:56] This is the book. I think it's important to have a gene in me. I'm not sure if I can say anything about it, but I have a gene in me.

And it's important to have a gene in you when you have a gene in you. And I'm not sure if I can say a gene in you if I can say something about it.

I'm not sure if I can say a gene in you if I can say something about it.

And I think it's important to have a gene in you when you have a gene in you. And I think it's important to have a gene in you when you have a gene in you.

When you have a gene in you, you can say in the south of town you have a gene in you. You have a gene in you and you have a gene in your stomach and you don't have a gene in you.

[17 : 13] Because I don't have a gene in you when you have a gene in you. Thank you. Thank you.

You're welcome. Thank you. You don't have any gene in you when you have a gene in you, and it's important to have a gene in you when you have a gene in you.
